

Stay on top of your due-diligence with ASIC Company Monitor Alerts! An additional feature to ASIC Company & Business searches via the GlobalX Search portal

The Company Monitor Alerts feature enables practitioners to receive notifications when a change is made to a company with the ability to instantly see what type of information has changed. This gives you the option to immediately purchase new extracts as required or you can choose to ignore.

Company Monitor Alerts also removes the need to reorder an ASIC Company search unnecessarily, saving your firm money in the long-term.

How does it work?

To receive notifications, simply check the box 'Company Monitor Alert' when ordering an ASIC Company & Business search and you'll be subscribed to receive alerts for the next 6 months.

You will be notified by e-mail if there is an ASIC form lodged against the company, with the ability to order extracts and documents to view the latest changes.

Features + Benefits:

- ✔ Reduce risk and stay on top of any changes on the company you're dealing with
- ✔ Our alerts system sends an email notification when there is a change and details what type of information has changed unlike other providers
- ✔ An automated system checks the ASIC registry twice a day for accuracy
- ✔ You will be subscribed to receive notifications for 6 months and can cancel alerts at any time
- ✔ Save money and only order documents when a change has occurred

If you have any questions or would like to learn more about ASIC Company Monitor Alerts, contact us on 1300 885 662.
